Here is the application form that you requested. Please return the completed application along with a plot plan and fee (\$50.00 dollars plus \$3.00 dollars per thousand of project cost) to:

Chris Bower  
PO Box 374  
Millville, PA 17846

**Please note that this application is for Zoning Permit approval only, you may also be required to obtain a building permit from the Tri County Inspection Office. Please call their office at 784-8654, prior to the start of construction.**

The plot plan should include the project location distances to roads and property lines, other structures on the property and septic systems and wells. The dimensions of the project should be included as well as a scale. Once I receive the completed application and plot plan, I will review the application to determine that the proposed project is consistent with Orange Township's Building Permit Ordinance. If you will be constructing a new septic system or driveway, you must provide a copy of these permits with your application. After my review I will contact you and inform you of the status.

If you have any questions or concerns do not hesitate to contact me at 458-0316. Thank you for your cooperation in this matter.

Sincerely,

Chris Bower
